Object of return

Troubles at unpacking
 Under warranty: service for repair / maintenance
 For quotation before repair / maintenance
Other purposes, comments: _____

Detail of returned devices

Code number Reference	Serial Number (if any)	Decontamination Certificate *	Defaults / damages / troubles (Please comment)
		YES NO	
		YES NO	

Decontamination certificate concerns only parts in contact with a fluid (even if it is only drinkable water or an aggressive liquid, potentially dangerous, toxic, or a solid that could be aggressive or biologically dangerous, etc.). It is useful to go through Customs in case they have doubts. This form must be joined with the device inside the parcel.

Important:

If the device have been in contact with a fluid and sent back without the decontamination certificate, we keep right to refuse the parcel and it will be shipped back to sender at his own costs or we invoice the cleaning operation by a specialist.

For more information, please call us: +33 (0) 130 258 320
